1 Brand new
to Insight?
Start Here

Instructional Culture Insight is a survey used by more than 1300 schools across the country to improve their talent management practices, building schools that are exceptional places for teaching and learning.

Click [here](#) for:

- Background information on Insight and our methodology
- Introductory webinars
- Insight FAQs

2

Interpret Your Results

Interpret Your Results: Review and Prioritize

Your first step is to analyze your results in order to determine what areas to prioritize for action.

Click [here](#) to:

- Download reflection template to support your analysis of Insight results
- Review a presentation on how to analyze your Insight results
- Join a training on interpreting your Insight results

3

Take Action

Take Action: Visualize Success and Access Resources

Once you've reviewed your Insight results and set priorities, it's time to define success and begin making improvements.

Click [here](#) to:

- Learn how to use Insight to set goals
- Access materials to support sharing your Insight results with teachers
- Read about best practices for improving instructional culture
